Tariff Filing

Semi-Annual Fuel Reimbursement Filing (Docket No. RP23-986-000)

On September 18, 2023, the Commission approved Northwest's August 30, 2023 filing to revise its semi-annual fuel reimbursement factor for its transportation schedules. The new factors are effective October 1, 2023. The fuel reimbursement factor for Northwest's transportation services under Rate Schedules TF-1, TF-2, TI-1 and DEX-1 decreased from 1.06% to 0.96%.

Non-Conforming Negotiate Rate Service Agreement Filing (Docket No. RP23-999-000)

On September 21, 2023, the Commission approved Northwest's August 31, 2023 filing for approval of a negotiated rate service agreement that contains non-conforming language between Northwest and Darigold, Inc. and to update its list of non-conforming and negotiated rates service agreements provided in the Tariff. The tariff records are effective on October 1, 2023.

Non-Conforming Service Agreement Filing (Docket No. RP23-1115-000)

On September 29, 2023, Northwest submitted for approval a filing to (1) submit non-conforming service agreements between Northwest and Citadel Energy Marketing LLC ("Citadel") and Northwest and Occidental Energy Marketing, Inc. ("Occidental"); (2) submit a restatement of a non-conforming service agreement between Northwest and Intermountain Gas Company; (3) remove previously filed Citadel and Occidental service agreements from the list of non-conforming service agreements included in Northwest's Tariff; and (4) update its list of non-conforming agreements to include the above referenced additions and restatement. The proposed effective date is October 31, 2023.

Certificates

Sumas Horsepower Replacement Project (Docket No. CP23-479-000)

On August 21, 2023, Northwest filed a 30-day 2.55(b) advanced notification of the replacement of compression facilities at its Sumas Compressor Station. Construction activities are anticipated commence in October 2023 with a target in-service date of October 1, 2024.
