MQ		SIPI DELIVERY				95			295		446		
MQ		STANFIELD DELIVERY				95			188		191		

Footnote Number	Footnote Text
1	Year to year thereafter, subject to termination upon 12 months (1 year) notice by either party.
2	The original contractual customer category is Rate Schedule TF-1 (Small Customer); however, pursuant to section 2.1(d) of Rate Schedule TF-1, the customer may periodically convert all of its service temporarily to TF-1 (Large Customer) status.
3	Year to year thereafter, subject to termination upon 12 months (1 year) written notice by Shipper.
4	The Index of Customers report does not show subscribed capacity relating to approved or pending segmented releases, point amendments or contract requests that were made on capacity release agreements. Parties interested in viewing Northwest's total subscribed and unsubscribed capacity should view Northwest's Unsubscribed Capacity report.
7	Month to month thereafter, subject to termination upon 10 business days notice by either party.
13	There are no delivery point MDDO's specific to this service agreement. Transportation deliveries shall be at or near the points described in Shipper's related currently effective service agreement under Rate Schedule TF-1.
38	The contract entitlement date is shown in the contract effective date field.
48	25 Year Evergreen Expansion contract.
66	Year to year thereafter, subject to termination upon 5 year written notice by Shipper.
82	The primary term end date for 3,220 Dth/d of contract demand is March 31, 2032; from the Ignacio Plant (1,289 Dth/d), Opal Plant (858 Dth/d) and Westgas Arkansas (1,073 Dth/d) receipt points and Reno Lateral Delivery Point (3,220 Dth/d). The primary term end date for remaining 4,448 Dth/d of contract demand is September 30, 2044.
83	The primary term end date for 39,338 Dth/d of contract demand is March 1, 2032; from the Ignacio Plant (13,699 Dth/d), Opal Plant (3,330 Dth/d), Sumas (21,893 Dth/d) and Westgas Arkansas (416 Dth/d) receipt points and Reno Lateral Delivery Point (39,338). The primary term end date for the remaining 2,197 Dth/d of contract demand is September 30, 2044.
89	Capacity rights may be limited pursuant to contractual provision(s) approved by FERC.
95	Shipper's Right of First Refusal does not go beyond October 31, 2025.
163	Service agreement requires shipper to pay an incremental facilities payment for specified facilities and allows for a discount of the transportation rate provided the shipper remains within the primary path on the specified facilities.
171	Transporter provided notice that this Agreement will terminate at the end of the gas day October 31, 2025.
172	Transporter has provided notice that this contract will terminate at the end of Gas Day April 01, 2026. Shipper currently holds a Right of First Refusal on this capacity.
173	This Agreement will terminate at end of day February 28, 2026, and 100% of the contract demand has been permanently released effective March 01, 2026.
