Tariff Filings**2025 Winter Fuel Filing (Docket Nos. RP25-1098-000 and RP25-1098-001)**

On September 23, 2025, FERC approved Northwest's August 27, 2025 filing to revise its semi-annual fuel reimbursement factor for its transportation schedules. The new factors are effective October 1, 2025. The fuel reimbursement factor for Northwest's transportation services under Rate Schedules TF-1, TF-2, TI-1, and DEX-1 decreased from 1.39% to 1.15%.

Certificates**Kelso-Beaver Reliability Project (Docket No. CP25-89-000)**

On August 22, 2025, FERC issued a Notice of Availability of the Environmental Assessment ("EA") for the Kelso-Beaver Reliability Project. The EA evaluates the potential environmental impacts of the proposed facilities and will inform FERC's decision on the certificate application.

Wild Trail Project (Docket No. CP25-497-000)

On August 29, 2025, FERC issued a Notice of Schedule for the Preparation of an Environmental Assessment ("EA") for the Wild Trail Project involving the construction of the proposed Daggett Compressor Station. FERC's schedule for review states that the issuance of the EA is December 15, 2025, and the 90-day federal authorization decision deadline is March 15, 2026. FERC will use the EA in its decision-making process to determine whether the project is in the public convenience and necessity.
